Comment: Mrs. Marina Mondal explained to the students the importance of the place and its surrounding abandoned buildings belonging to the family of Dr. Sukumar Sen. This international linguist was born and brought up at this place. In his autobiography he repeatedly mentioned this place and his house nostalgically.

The students were very excited to visit the special place and they found the visit very valuable. Many of them did not believe that such an important landmark could be found so near to the college.
