ACTION-TAKEN REPORT

The following is the Action Taken Report based on the feedback and suggestions given by the stakeholders- Students and Teachers on the Curriculum, academic and extra-curricular activities, and the ambience of the institution in general for the session 2022-2023.

SL NO	FEEDBACK	ACTION-TAKEN
1	Increase the number of books in the Library	Efforts are made to increase number of books, both the text and reference books in the library every year. Each Department provides a list of books based on the CBCS system for every Semester. Students are encouraged to spend their free time in the library as well.
2.	Cleaner Campus	One of our primary aims is to maintain a clean and green campus. In addition to being a plastic free zone, our campus has a waste management system. Dustbins are placed throughout the premises for the use of students and staff. The NSS unit of the college often conducts Campus Cleaning drives.
3.	Internet connection for Students	Internet connection has been installed for the uses of Students and staff in the office and library.
4.	Need for a canteen	The institution recognises the need for a canteen for both students and staff. However being a rural college and other constraints, it has been found difficult to maintain a successfully running canteen. Infrastructural limitation has also proven to be major hindrance along with a lack of authentic vendor.
5.	Field trips/ excursions	Field-work/ excursions are included and one or two Department in their curriculum have conducted such tours. Other Departments are also actively encouraged to conduct at least one annual educational tour in future.
6.	Need for a more practical & job-centric curriculum	The Institution strictly adheres to the University prescribed CBCS curriculum, and IQAC in framing not only an updated and job oriented curriculum for the learners but also one with a more holistic approach to the teaching-learning process.
